

**You said** "I'm looking for true classics to wear now and forever."

**We found** A classic investment that pays for itself by playing well with others. This is a great season for romantic white shirts; Rebecca Drew's, in white silk (\$255), is sold by bra size, not dress size. Here, it heats up a pair of wool chalk-stripe trousers by Palmer Jones (\$625). Gold hoops, Griscom's own. Lia Sophia ring.

“I quit smoking 10 months ago, and I'm healthier but a little heavier. It hasn't affected my classic-with-a-twist style. For busy women, simple and classic is irresistible. I just add my hoops and heels, and I'm set.”
